FRANK O. TOWLE, Supt.			

Included in the above amount is the expense of rebuilding the abutments of the bridge near the Kensington line. Also for smoothing up and grading at the end of the Kensington state road, amounting to about \$250 00; this work the town would have had to do had not our state road been built at this time.

While the cost of making this piece of road has been more than at first was estimated, we feel that the town has good value for the money expended, having a permanent piece upon which but little if any repairs will be necessary for many years. Too much was laid out for the amount appropriated and considerable work has had to be done to leave it in a safe condition.

## Report of School Board

---

Since the last annual report the schools have been in session thirty-six weeks.

The teachers have been faithful in performing their duties and good work has been accomplished in all the schools.

At the Centre the spring term was taught by Miss S. Gertrude Towle who came well recommended and was well fitted for the situation, the results were satisfactory to the School Board. As has been the custom for the few years past, the scholars of the Centre have attended the school kept in the Barnard School building under the management of the Barnard Free School trustees during the fall months. The winter term has been taught by Miss Dorothy R. Palmer with excellent success.

The spring term of the Upper village School was taught by Miss Dorothy R. Palmer, the fall and winter terms were taught by Miss Isabelle C. Swain who has proved herself efficient and satisfactory to all.

The school at the East Village has been taught the past year by Miss Ethel D. Evans with her usual success.

## TRUSTEES BARNARD SCHOOL REPORT.

The Trustees of the Barnard School beg leave to submit the following report:

As necessary repairs were obliged to be made on the Barnard school building the past year but one term of school could be held commencing September 14th and ending November 20th, with ten scholars,—average at-

tendance eight. The same studies were pursued as in the Town school—it was taught by Miss Bertha Morrill and we think good progress was made.
